NOTIFICATION: On 1-15-15, at approximately 1500 hours, I responded to Highland Hospital in Oakland to collect GSR kit from suspect Marceleno Gonzales.

OBSERVATION: Upon arrival, I met with Detective Bailey and Senior Inspector Arnold Lui, Office of the District Attorney, Contra Costa County. I learned from medical staff that Gonzales was still in the Operating Room.

At approximately 1745 hours, I was allowed to see Gonzales. I saw Gonzales was unresponsive after coming out of surgery. With the assistance of the medical staff, I was able to observe the listed injuries on Gonzales' body:
1. One GSW in the right lower part of his back.
2. One GSW to the right middle part of his back.
3. One GSW to the upper left part of his back/ribcage area.
4. Three small abrasions to the exterior part of his left elbow.
5. One small laceration to his right thumb.

Because of the medical bandages, I was unable to determine if Gonzales had any other injuries. I next collected a GSR kit from Gonzales' both hands.

I obtained photographs of Gonzales for evidence.

PHOTOGRAPHS: CANON #34:
1. Suspect Gonzales.
2. Same.
3. Right side of back-two GSW's
4. Same.
5. GSR in lower right side of back.
6. GSW in middle right side of back.
7. GSR in left side of back/ribcage.
8. Same.
9. Same.
10. Abrasion to left elbow.
11. Same.
12. Right hand.
13. Small laceration to right thumb.
14. Same.

FINGERPRINTS: None.

MEASUREMENTS: None.

EVIDENCE: I booked the GSR kit from suspect Gonzales into evidence as item #1426-1.

DISPOSITION: Attach to original report.

Richmond Police Department	DATE/TIME WRITTEN 1/15/2015 15:18	CASE# 2015-00000900
Supplemental Narrative	REPORTING OFFICER WHITSON, JEFFREY #1434	

On 15Jan2015, at approx. 1330hrs. I responded to the 2100 block of Nevin Ave regarding an officer involved shooting. I was in a fully marked Richmond police vehicle, #32 and in full Richmond police BDU uniform including shoulder patches and sewn on silver, seven point star.

I. OBSERVATIONS:

When I arrived on scene I noted several officers on scene. I located the subject officer, D. Reina who was communicating with Sgt. Gard. I saw that a male suspect was handcuffed and lying on the ground along a driveway in the 2000 block of Nevin Ave. He was on the sidewalk and directly in front of a parked car and laying on his back with his head towards the North and his legs to the south. The male was bleeding from an unknown area in his torso and was unresponsive but still breathing.

I contacted Sgt. Gard and once the scene was sealed off to non emergency personnel, he requested I start documenting the scene. I began taking photographs of the area including the suspect on the ground. I photographed vehicles parked along the street and bystanders that were on balconies etc. I located the a firearm in close proximity to the suspect which was a few feet from the suspects head and just behind the front tire of the vehicle the suspect was positioned in front of. The vehicle was a Suzuki and it was backed in to the driveway. I photographed the black firearm, in its found position, which was slightly under a car and in front of the front tire. The firearm appeared to have an extended magazine protruding from the magazine well base. I took general photographs of the scene prior to being relieved by CSI Det. Grivetti.

Fire and AMR arrived and began rendering aide to the suspect. I noted that his clothing had been removed and left on scene.

I was directed by CSI Det. Grivetti to return to the police department in order to photograph subject officer D. Reina and to collect his duty belt and weapon for investigative examination.

I arrived at approximately 1405 hours and contacted Officer Reina in the CSI office. I took stand up photographs of Officer Reina which showed that he was wearing a standard Richmond police patrol uniform, (blue, wool, long-sleeved uniform shirt and trousers) The uniform has Richmond police patches on both shoulders and has a seven point silver star which states "Richmond Police Officer" adorned on his left breast area. On his right breast area is a silver colored S.W.A.T emblem which is over his name placard. Officer Reina's uniform did not appear to have any scuffs, tears, or any sign of defect.

Officer Reina has a standard duty belt which I inventoried and photographed. The duty belt consisted of a spare ammunition pouch containing four silver colored magazines with eight rounds in each, an expandable baton, a department issued Taser, a digital Motorola walkie and hand microphone, a small pepper spray canister, a black Kimber 1911, semi-automatic handgun in holster, and a spare handcuff case with handcuffs. This belt was affixed to his pant belt via leather "keepers"

I collected Officer Reina's AVR which he had located on his chest, and centered. I turned over this item to Detective Sergeant Stina Johansen.

I took possession of Officer Reina's primary and his backup firearms for photographs and to submit to the crime lab for analysis.

The primary duty weapon is a black Kimber, Warrior II, 1911, semi-automatic, with serial number. [redacted] I unloaded this firearm rendering it "safe", by removing the magazine and then cycling the slide which removed a single round which was still chambered.

I examined the chambered round which I will call Round #1 and the remaining will be named sequentially as they were located inside the magazine which was seated in the firearm. There was one chambered round and six rounds still in the magazine for a total of seven rounds. The firearm is capable of holding eight rounds in the magazine and one in the chamber, totaling nine.

Rounds 1, 2, 3 are Winchester, 45 Auto, Yellow brass, hollow point bullets.

Rounds 4, 5, 6 are Federal, 45 Auto plus P, white brass, hollow point bullets.

Round 7, is a Speer, 45 Auto, white brass, hollow point bullet.

Officer Reina's backup weapon is a Smith & Wesson, Airweight, 38 Special plus P revolver. With a five round capacity. The serial number is [redacted] Officer Reina carries the weapon in his pant pocket. All five .38 bullets were still in the revolvers cylinder. I removed the bullets from the revolver, rendering it safe, and inspected them. All five had the head stamp of WCC +P+, I.6. And are hollow points in a white brass casing.

I packaged the primary and backup firearms as well as ammunition and magazine. I also packaged Officer Reina's duty belt and gave all of these items to CSI Officer E. Loucas to transport and deliver to Sr. CSI Det. Grivetti who will turn them over to the county crime lab for processing.

Richmond Police Department Supplemental Narrative	DATE/TIME WRITTEN 1/19/2015 12:00	CASE # 2015-00000900
	REPORTING OFFICER GRIVETTI, JOANNA #1343	

On 1/15/15 at approximately 1345 hours, I received a call from Homicide Sergeant Smith advising there was an officer involved shooting and told to respond to 21st St/Nevin Ave. I arrived on scene at approximately 1355 hours. A large scene perimeter was established encompassing the 300-400 blocks of 20th and 21st Streets and the 1900-2100 blocks of Nevin Ave. The area identified as the shooting scene was the 2000 block of Nevin Ave.

I met with Lt Tirona, Sgt Smith and several detectives from the investigative bureau. RPD patrol officers were also on scene as were several command staff officers. Investigators from the DA's office arrived as this was identified as a protocol response incident.

Lt. Tirona advised the officer involved was Ofc Daniel Reina. He was not injured and had been taken to the HOJ pending legal counsel. Information revealed from his public safety statement stated Ofc Reina initiated a pedestrian contact of an individual in the 2000 block of Nevin Ave. The subject was seen with a firearm which he subsequently dropped. He was then seen reaching towards the firearm when the officer fired his weapon twice. The suspect was struck and collapsed at the scene. No other crime scenes or victims were identified at this time.

I contacted dispatch and was advised a Shot Spotter activation alerted at 1328 hours (log id # 109611) advising 2 shots at [redacted]

I contacted the on-duty CSI (CSI Whitson). He advised he had obtained photographs of the scene prior to the suspect being transported to the hospital. He additionally obtained photographs of a firearm found near the suspect. CSI Whitson further stated one .45 casing had been located at the scene. I assumed evidentiary control of the scene at this time.

I contact the CCSO crime lab at 1400 hours. I spoke with Crime Lab supervisor Nivan Gill at 1400 hours advising her of the incident. She stated two criminalists would be enroute.

I delegated CSI Whitson to respond to the HOJ to meet with Ofc Reina and obtain photographs of him and his firearm. I further requested he take custody of Ofc Reina's gun belt and firearm as evidence items and bring them to me after he was finished. Refer to CSI Whitson supplement for details.

I also requested CSI Zeidan respond to Highland hospital to photograph and process the suspect for GSR. Refer to Zeidan supplement.

At approximately 1600 hours Criminalist Deputy Collins and Criminalist Curtis arrived on scene. Deputy Collins advised the Crime lab report would be authored under 15-500-1.

I. **OBSERVATIONS:** The crime scene was located in the 2000 block of Nevin Ave. It is located in the central district specifically beat 4. The area is comprised of single family residence homes and small multi unit apartment homes. The area is recognized as a high crime area with police responding to assaults, robberies, drug sales, gang activity, and property crimes.

Weather conditions were clear and sunny. The incident occurred at approximately 1330 hours. Lighting did not appear to be an issue.

The crime scene was identified as the south driveway o[redacted]

[redacted] is a two-story multi-unit apartment complex located on northeast corner of the intersection of [redacted] Pedestrian access to the apartments is located on the Nevin Ave side of the building. The east side of the building has three garage units on the lower level. The upper level houses apartment units which have windows that look south towards Nevin Ave. The west side of the building has both upper and lower level apartments. There are south facing windows (lower level) and a small balcony and stairway landing on the upper level that face Nevin Ave. Several of the apartment complex residents and guests were seen observing the investigation from these vantage points.

The south side driveway was identified as the location of the shooting. I noted a Suzuki Vitara parked in the driveway in front of the middle garage. The car was backed in and faced south. I identified various items of evidence just west of the vehicle as well as in front of the car (south). These items were identified as clothing from the suspect, suspected narcotics, a cell phone, firearm and expended casing evidence. Ofc Whitson had utilized yellow numeric placards #1-2 to identify the firearm and one of the casings. A second casing was located in the windshield wiper cowl (placard #3). I additionally marked a baggie which appeared to contain a white crystal substance (suspected narcotics) with placard #4.

I observed RPD patrol unit #13 parked along the south curb line of Nevin Ave in front of # [redacted] facing east. I was informed this was Ofc Reina's patrol vehicle. I was advised that Chief Magnus had moved the patrol car from its original location and parked it here prior to my arrival on scene. I was further told Ofc Reina's patrol car was originally facing west in the westbound lane of the street.

The vehicle was identified as a black and white Ford Crown Victoria 4-door [redacted] (exempt). The car was clearly identifiable as a police car with the wording "Richmond Police" on the white doors as well as on the rear bumper (Police). There was a light bar attached to the roof of the car and a push bumper on the front. The unit number assigned was 13.

I was directed to a parked car in front of [redacted] The car was identified as a white 4-door Mitsubishi Montero [redacted] The car was parked along the north curb line facing west. The roadway south of the Mitsubishi was the approximate area RPD patrol car #13 was initially parked prior to the officer's exit from the vehicle. This area was identified with placard # 5.

Placard #6 was used to identify the cellular phone found next to the suspect's clothes.

At approximately 1555 hours, Criminalist Collins and Curtis arrived on scene. I briefed them on the investigation and turned over the scene to them. I assisted the criminalists in obtaining measurements of evidentiary items within the scene. The measurements were turned over to Criminalist Collins for inclusion in the final report.

All evidence with the exception of placard #6 (cell phone) was retained by the Crime Lab. I took custody of the phone as evidence item 1343-1. The phone was found with the power on and it was receiving both phone calls and text messages.

I additionally had been given Ofc Reina's firearms and duty belt which were inventoried and photographed by CSI Whitson. Criminalist Collins examined the Smith and Wesson revolver

and duty belt and released them to my custody at the scene. Ofc Reina's duty firearm was collected pending further examination at the crime lab.

The crime lab personnel cleared the scene at approximately 1745 hours. I cleared the scene at approximately 1810 hours. I responded back to the HOJ where I turned over custody of the recovered cell phone to Detective Wentz. I retained custody of Ofc Reina's duty belt and firearm at this time pending return to the officer.

On 1/16/15, I was contacted by Deputy Collins advising Ofc Reina's firearm had been examined and was ready for pick-up.

On 1/20/15 at 0830 hours, I responded to the crime lab in Martinez where I took custody of Ofc Reina's firearm. The weapon, along with his duty belt and back up firearm, were turned over to Ofc Reina's custody upon his return to duty.
